What is the Greater Lyman Foundation?

The Greater Lyman Foundation (GLF) is a permanent, locally governed, publicly accountable community endowment established to enrich and promote the future of the greater Lyman area. Members of the Lyman LeadershipPlenty Class of 2005 established the Foundation in 2006.

As a community foundation, the GLF is a collection of funds from organizations, families, individuals and businesses that seek to improve the quality of life in the Lyman area through economic and community development.

How is the Foundation managed?

Funds are deposited with the South Dakota Community Foundation, which will invest and administer the fund.

A volunteer board of directors from the Lyman area oversees the management of the Foundation. As the fund grows only a portion of the income will be distributed each year through a grant process overseen by the Board of Directors. Funds will be awarded in ways that will enrich and promote the Lyman area.
